

Welcome to the Summer Term in Nursery.
This term our topics will be:

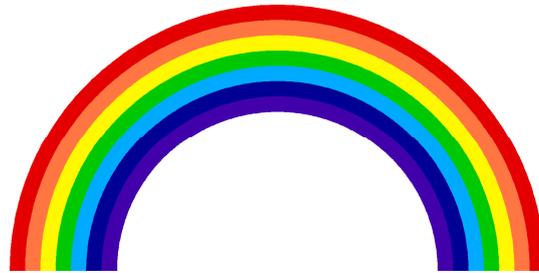

Did Dragons Exist? -

Children will learn about fairy tales and dragons. We will read a variety of stories about dragons and knights and retell them in our role play. We will find out about castles, who lived in them and the materials that were used to make them. We will make our own junk model castles. If you have any spare recycling materials for our junk modelling, please send it in with your child. We would like small cardboard boxes and kitchen roll tubes.

How many colours in a rainbow?-

Children will learn about the colours that are found in the natural world and how colour is used in the man-made world. We will see how colours can be mixed together to create other colours and find out how colour can be used to make patterns. We will learn how animals use colour and pattern for camouflage and attraction.

Seasonal topics will include—Summer, Father's Day, Health and Fitness

Important Information for Nursery

Below are just a few helpful reminders and information;

- ◆ Please can you make sure all clothes and shoes are named. As you can appreciate, children take them off for dressing up and they can easily get mixed up.
- ◆ As children have access to the outside area in all kinds of weather please ensure they are equipped for the outdoors. They should have sun hats in Nursery on sunny days.
- ◆ Don't forget to keep sending in your WOW moment sheets to keep us up to date with your child's progress at home. We very much value your contributions to your child's learning journey. Spare WOW moment sheets are kept in the tray just inside the nursery door. Feel free to help yourself to these.
