

# Pupil Premium

In 2011-12 the Government launched its Pupil Premium funding. This money is sent to schools based on the numbers of pupils in the school who are eligible for Free School Meals (FSM). In the 2012-13 budget it was expanded to include all children who have been eligible for FSM within the last 6 years.

This money is allocated to initiatives to ensure pupils reach their full potential, both academically and socially.

In 2012-13 the school received £32396 in Pupil Premium funding.

In the 2012-13 academic year a total of 52 pupils were eligible for free school meals. In Reception there were five pupils, in Year 1, 5 and 6 there were six, in Years 2 and 3 there were nine and there were eleven in Year 4.

Our priority therefore was to ensure that throughout the school all FSM pupils achieved their full potential through additional support and one to one tuition.

This money was used to help provide for the following initiatives:-

Spent on	Aim
One to One Tuition and Booster Support	To help children reach their full potential in Numeracy and Literacy and to support their self esteem, attitudes to learning, sense of well-being and enjoyment of school.
Funding places on school trips	To enhance the curriculum, ensure the children are able to participate and to give children the opportunity to experience new and challenging activities.
Provision of school uniform items	To aid inclusion and support the child's well-being.
Funding club activities	To ensure pupils are able to participate and to give children the opportunity to experience new and challenging activities.

### Summary of Spending:

One to One Tuition	£14832.09
Learning/Booster Support	£16898.10
Educational Visits	£1033.87
School Uniform	£51
After School Clubs	£150
Resources	£15.83

### Outcomes to Date:

88.88% of pupils made expected progress of at least 1.5 sub levels in maths or were working at or above expected year group levels. Of those pupils not achieving expected progress two pupils (4.44%) have SEN and one pupil (2.22%) has attendance issues.

93.33% of pupils made expected progress of at least 1.5 sub levels in reading or were working at or above expected year group levels. 86.66% of pupils made expected progress of at least 1.5 sub levels in writing or were working at or above expected year group levels. Of those pupils not making expected progress in writing 4.44% have SEN and one pupil has an issue with attendance (2.22%). In reading one pupil (2.22%) has SEN.

The analysis of assessment data therefore shows that intervention work for those pupils at risk of underachievement is having an impact. Our priorities for 2013/14 will be to maintain the provision of one to one teaching support and teaching assistant support for all classes.

Our current cohort of FSM pupils includes five with attendance issues and we will therefore ensure those pupils and their families receive additional support from our Parent Support Advisor.

Based on the number of pupils eligible for FSM in the last 6 years, the school will receive £46800 of Pupil Premium Funding. We will use this funding to continue to ensure that all children are able to access all areas of the curriculum and extended school activities by continuing the above initiatives.

**If your child does not have Free School Meals, but may be eligible because of your family's income level, please contact the office (in confidence) to register them. Even if you do not wish them to have the meals, this would mean the school could still claim Pupil Premium funding that may be used to help your child.**
